| Programme  | Description   | Funding body                                      | Target group   | Department | Link  |
|--|---|---|--|------------|---|
| <b>Margarete von Wrangell-Habilitationsprogramme for women in Baden-Württemberg</b>    | The state of Baden-Württemberg has been offering the Margarete von Wrangell Programme since 1997 to promote female academics who wish to pursue a habilitation. The financial means are to be used for posts that can be promoted for up to 5 years. In addition, the female scholarship holders can take part in training sessions and courses organised by LaKoF. | Landesregierung Baden-Württemberg                 | PhD scientists   | all        | <a href="http://www.margarete-von-wrangell.de/">http://www.margarete-von-wrangell.de/</a>   |
| <b>Visiting Professorship at the Friedrich-Alexander University Erlangen-Nuremberg</b> | The Friedrich Alexander University of Erlangen-Nuremberg offers qualified female academics a guest professorship for one semester in order to counteract the under-representation of women in teaching and also to create a role model for female students.   | Friedrich-Alexander-Universität Erlangen-Nürnberg | Women scientists with a doctorate, (junior) professors | all        | <a href="https://www.gender-und-diversity.fau.de/gender/forschung-und-lehre/gastprofessuren/">https://www.gender-und-diversity.fau.de/gender/forschung-und-lehre/gastprofessuren/</a> |
| <b>Brigitte-Schlieben-Lange-Programm for Young female scientists with a child</b>      | The Brigitte Schlieben-Lange Programme supports women who have to reconcile their academic or artistic careers with family or professional challenges. Particular emphasis is placed on enabling young women scientists to continue their 24 qualification process or to do so while working.   | LaKoG Baden-Württemberg                           | Young female scientists with family responsibilities   | all        | <a href="https://www.lakof-bw.de/?id=60">https://www.lakof-bw.de/?id=60</a>   |

| <b>Deutscher Akademikerinnenbund e.V. - Support Committee</b> | <p>The DAB funding committee promotes scientific publications in a German publishing house by providing a (publisher-independent) printing cost subsidy (up to 500 euros). In addition, female academics are given the opportunity to have their publication included in the association's academic series at LIT-Verlag (without having to pay the printing costs) or to have it published digitally there. Furthermore, the opportunity for networking is also offered.</p> | DAB<br>Promotion<br>Committee | Academics | all | <a href="https://www.dab-ev.org/de/wer-wir-sind/dab-foerderausschuss.php">https://www.dab-ev.org/de/wer-wir-sind/dab-foerderausschuss.php</a> |
